

Dear Toowoomba Hospice Volunteers

Due to COVID-19 we are suspending all volunteering services (except Gardening Services) as of Midnight today the 24/03/2020. We are implementing measures to protect all Hospice Staff, Volunteers, Clients and their Families and to keep our doors open with minimal risk to everyone. To do this, we need to slow and restrict the traffic through our Hospice. This is as per the advice provided by Queensland Government, Department of Health and updated Public Health and other Legislation (Public Emergency) Amendment Bill passed on the 15th of March 2020.

On behalf of all the Management Committee, Eugenie and I, and all our staff, we want to say thank you for your understanding. We will miss your company and we are looking forward to your return, when the time is right. We will be in contact on a regular basis. Until then, please adhere to the National Cabinet advice notices and alerts as we are all in this together. Please remember that you are welcome to call or email us- please keep in touch.

Regards Eugenie and Mark
